

SAOG 2018

Science of Surfaces, Interfaces and Nanostructures

34th SAOG Meeting

Thursday, February 1st, 2018

New venue:
Haute école d'ingénierie
et d'architecture
Bd de Pérolles 80
CH-1700 Fribourg
www.saog-gssi.ch

CALL FOR PAPERS

Authors are invited to submit an abstract for an oral or a poster presentation via e-mail to karl-heinz.ernst@empa.ch.

Deadline is Monday, December 11th, 2017

Contributions from all fields of interface and surface science and nanotechnology are welcome.

Abstracts must be submitted in the format using the SAOG template. For further details visit www.saog-gssi.ch.

Authors will be informed about acceptance of their paper on December 23rd, 2017.

EXHIBITION

An exhibition presenting new instrumental developments and analytical services will take place in the entrance hall. Please contact Dr. Paul Muralt, EPFL Materials Science and Technology, IMX-LC, CH-1015 Lausanne
FAX: 021-693 58 10, paul.muralt@epfl.ch

CHARMEY POSTER PRIZE

The best poster presentations will be awarded with the Charmey Poster Prize, endowed with 500 CHF.

ORGANIZING COMMITTEE

President of SAOG: K.-H. Ernst, Empa, Dübendorf

P. Brodard, HEIA, Fribourg

M. Brown, ETH Zurich

T. Bürgi, UNIGE, Genève

P. Gröning, Empa, Dübendorf

H.-P. Haerri, METAS, Bern

E. Meyer, Universität Basel

P. Muralt, EPFL, Lausanne

G. Patzke, Universität Zurich

N.D. Spencer, ETH Zurich

H. Wolf, IBM Rüschlikon

Invited Speakers

Ulrike Diebold

TU Vienna, A

Surface science investigations of metal oxide surfaces

Uwe Meierhenrich

U Nice Sophia Antipolis, FR

Rosetta-Philae – the detection of organic molecules on the surface of a cometary nucleus

Christophe Copéret

ETH Zurich, CH

Magic and pitfalls of metal oxide particle surfaces

Nadim Scherrer

Fachhochschule Bern, CH

Surfaces and interfaces in multilayered paint systems – analytical challenges in art conservation science
